1006	Number of farms in sample (unweighted)	unweighted.count				0	N/A
1300	Farm business income (main farm income measure)	farm.business.income		Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.	Excludes BLSA. Farm business income is equivalent to the financial accounting measure Net Profit.	0	N/A
1301	Income from agriculture (including subsidies and grants to agriculture)	agriculture.net.margin		Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.		0	N/A

VarNumbe	VarName	FBSCalcVar	FBSDenomVar	Description	Footnote	NumVars	1987OK
1302	Income from agri-environment work	agri.environment.net.margin		Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.		0	N/A
1303	Income from diversified activities	diversified.income		Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.	Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.	0	yes
1304	Income from Basic Payment scheme	BPS.net.margin		Financial return to unpaid labour (farmers and other unpaid partners in the business) and to their capital invested in the farm business, including land and buildings. For corporate businesses it represents the financial return on shareholders' capital.	from 2015/2016 only (formerly, from 2004/05 only, SPS.net.margin)	0	N/A
1305	Total gross margin	farm.business.gross.margin				0	N/A
1306	Gross margin for agriculture	agriculture.gross.margin				0	N/A
1307	Gross margin for agri-environment	agri.environment.gross.margin				0	N/A
1308	Gross margin for diversified activities	diversified.gross.margin				0	N/A
1309	Farm corporate income	farm.corporate.income		Return on own capital invested in the business, to risk and to entrepreneurship. Derived by deducting manual and managerial labour from farm business income, allowing profitability of sole traders/partnerships to be compared directly with companies.	Currently, managerial labour is not deducted as a cost pending further research on a robust method for doing so.	0	N/A
1310	Farm investment income	farm.investment.income		Represents the return on all capital invested in the farm business, whether borrowed or not, and to risk and entrepreneurship. This measures the profitability of farming as an activity rather than the profitability of the business.	Currently, managerial labour is not deducted as a cost pending further research on a robust method for doing so.	0	N/A
1311	Agriculture investment income	agriculture.investment.income		Represents the return on all capital invested in the farm business, whether borrowed or not, and to risk and entrepreneurship. This measures the profitability of farming as an activity rather than the profitability of the business.	Currently, managerial labour is not deducted as a cost pending further research on a robust method for doing so.	0	N/A
1312	Agri-environment investment income	agri.environment.investment.income		Represents the return on all capital invested in the farm business, whether borrowed or not, and to risk and entrepreneurship. This measures the profitability of farming as an activity rather than the profitability of the business.	Currently, managerial labour is not deducted as a cost pending further research on a robust method for doing so.	0	N/A

VarNumbe	VarName	FBSCalcVar	FBSDenomVar	Description	Footnote	NumVars	1987OK
1313	Diversification investment income	diversified.investment.income		Represents the return on all capital invested in the farm business, whether borrowed or not, and to risk and entrepreneurship. This measures the profitability of farming as an activity rather than the profitability of the business.	Currently, managerial labour is not deducted as a cost pending further research on a robust method for doing so.	0	N/A
1314	Net farm income (NFI)	NFI				0	yes
1315	Occupier's net income (ONI)	ONI		The continued need for this measure is currently under review. Farm business income is an equivalent measure for the whole farm business.		0	N/A
1316	Cash income	cash.income		Cash income represents the cash return to those with an entrepreneurial interest in the business (farmers, spouses, partners and unpaid family workers) for their manual and managerial labour and on all their investment in the business.		1	yes
